Information Division Visits Fifth Judicial District

Members of the AOC's Information Division (Julie Cottrell, Rene Nelson, Patty Dube', and Kevin Iwersen) met with Fifth Judicial District court personnel in Twin Falls, Jerome and Cassia County on May 8th and 9th to gain a better understanding of these courts' information technology initiatives, challenges and needs. The team learned about the current scanning and imaging practices used by these courts and gathered information about the storage challenges of physical court records. The courts provided the team with in-depth tours of their facilities, enabling the team to meet court personnel and answer questions about the future case management system. Additionally, the team visited the new courthouse annex in Cassia County and discussed the partnership between the county and the AOC to provide technology services for this new facility. The AOC team expresses a sincere appreciation to the courts for their time and observations.

STAY IN CONTROL: MAKE YOUR HEALTHCARE WISHES KNOWN BEFORE A CRISIS

We plan for weddings, retirements, babies, school, vacations...so many important events. Unfortunately, few of us plan for end of life events or choices. Decisions are put off and desires are not expressed because it's a difficult subject. The result – many times medical treatment decisions are made for us by loved ones under great stress. In Idaho, you can make your wishes known now and have them honored in the future through **Advance Directives** (Living Will and Durable Power of Attorney for Health Care). You can prepare these documents that express your wishes and empower someone to speak for you in the event you are unable to communicate your medical treatment wishes. Advance Directive documents are important for everyone at any age.
